

Dr. Robert
Abell, N.D., L.Ac.

Robert Abell, N.D., L.Ac. was awarded his Bachelor of Science degree in Exercise Physiology from the University of Colorado, Boulder in 1985. He then received his Doctor of Naturopathic Medicine from the National College of Naturopathic Medicine (NCNM) in 1993 and while attending NCNM, Dr. Abell was also awarded his Masters in Chinese Medicine and Acupuncture from the Oregon College of Oriental Medicine in 1994. He currently presents a lecture series on various topics in North America for Seroyal focusing on Biotherapeutic Drainage™. Dr. Abell resides in Austin, Texas where he and his wife Lisa have a clinic. They also own a large multidisciplinary clinic in Orange County, California. Dr. Abell uses Biotherapeutic Drainage™, homeopathy, acupuncture and auricular medicine as his primary therapeutic tools. He is currently writing a book on the misinformation prevalent in modern medicine today.

Seroyal Seminar Series: 08–09

CONTINUING EDUCATION TO ENHANCE YOUR PRACTICE:

DEDICATED TO MAKING A DIFFERENCE IN PEOPLES' LIVES.

Assessment and Treatments of Neurological Disorders Including ADHD and Autism

The goal of this seminar is for the participant to develop a comprehensive understanding of the etiology and pathogenesis of neurological disorders, such as Attention Deficit Hyperactivity Disorder (ADHD), autism, epilepsy, depression and anxiety. Autism and ADHD are on the rise. Rates of autism in some states have been documented to have risen as much as 1000% from 1990 to 2000*. Does this have to do with increased awareness or is it a true increase? Both autism and ADHD are complex conditions that conventional medicine is struggling to treat. Learn about the imperative role of Biotherapeutic Drainage™ and the unique Rebalancing and Harmonizing Program, or "brain protocol", in the treatment of neuro-developmental disorders.

Dr. Abell will share from many years of clinical experience treating patients with Alzheimer's, Parkinson's Disease, Autism, and ADHD. He will demonstrate autism's possible relationship to vaccination, viral infections, heavy metal toxicity, environmental toxins, digestive health and nutrition. Through case discussions he will provide direction on the application of Biotherapeutic Drainage™, Gemmotherapy, Unda Numbered Compounds and nutritional products and other biotherapeutics in restoring patient health and well-being.

IN THIS SEMINAR, YOU WILL:

- Learn methods of assessment, treatment and prevention of these disorders
- Become skilled at effectively reversing the process of neuro-developmental diseases without suppression and in a non-invasive manner
- Complement your knowledge and increase your therapeutic skills to accomplish effective and more permanent results

DR. ABELL WILL:

- Present the current ideas on causative factors of autism
- Provide various treatment options that are effective and gentle
- Explain the unique therapeutic application of the Rebalancing and Harmonizing Program, especially when addressing neuro-developmental disorders

* For more education and research on ADHD and Autism in the US and California go to: www.cdc.gov for a report on: Mental Health in the United States: Prevalence of Diagnosis and Medication Treatment for Attention-Deficit/Hyperactivity Disorder --- United States, 2003 www.uth.tmc.edu for JADD on: *Journal of Autism and Developmental Disorders*, Vol. 32, No. 3, June 2002 (© 2002) The Changing Prevalence of Autism in California

AUTISM & CALIFORNIA STATISTICS

More than two new cases each day -- 7 days a week in California alone. From 1987-1998 there was a 633% increase in Autism (DSM-IV) in the State of California. (Note: In 1998 mandatory immunizations programs and the MMR vaccine were introduced.) From 1998-2002 there was an additional 96% increase in Autism (DSM IV) in the State of California.
